Dear ACUI Region 13 supporter:

The Region 13 of the Association of the College Unions International (ACUI) works to support the development of community through education, advocacy, and the delivery of services to college campus student populations.

Each year our region hosts a Silent Auction dedicated to raising scholarships that supports student enrollment and participation in leadership and professional development opportunities throughout the nation.

This year's Annual Silent Auction is being hosted at the Colorado State University in Fort Collins. Any donation that you will contribute, in-kind or monetary, toward this goal will enable the students of our region to benefit from your generosity and expose them to new opportunities that may otherwise be unavailable.

On behalf of the Association of College Unions International Region 13, please accept our sincere appreciation for your generous donation.

Sincerely,

Michelle Pérez  
Regional Director  
ACUI Region 13
